U.S. SEED EXPORTS TOTALED RECORD

\$40.8 MILLION IN 1968-69

U.S. seed exports totaled 170.0 million pounds valued at a record \$40.8 million in the crop year ended June 30, 1969, compared with the 1967-68 total of 166.0 million pounds valued at \$39.9 million.

Grass and legume seed exports of 58.6 million pounds, down 5 percent from the previous year, were the lowest since 1962-63. Total exports to EC countries declined from a high of 27.2 million pounds in 1965-66 to 17.7 million in the crop year just ended. Japan continued as the leading market, receiving 20 percent of total grass and legume seed shipments. West Germany, Canada, and Mexico were other important markets.

Vegetable seed exports, including bean and pea seeds, were 50.6 million pounds valued at \$15.6 million, compared with 43.7 million pounds at \$14.5 million in 1967-68. Canada, the major market for these seeds, received 25 percent of the total and the Netherlands, 19 percent. Italy, Mexico, and France also took sizable amounts.

Seed corn exports of 28.5 million pounds were up 19 percent from the previous year's total of 24.0 million. Canada was the principal market, but increased shipments to Italy, Thailand, and Argentina accounted for most of the increase.

Exports of flower, rice, and "other" seeds were down from the previous year, flower seed by 3 percent, rice seed 7 percent, and "other" seed 19 percent.

SEEDS: U.S. exports, quantity and value,
1966-67 - 1968-69 (July-June)
